Carried out a comprehensive refurbishment and upgrade of the split-window Kombi. Supplied and fitted an IRS kit, complete 1776cc engine, second-hand gearbox, and a complete lowered front beam with brake booster. Reconditioned the braking system with new brake calipers, master cylinder, pads, hoses, pipes, fittings, and related components.

Repaired and replaced drivetrain and gear-shift components, including the gear rod fitting kit and gearbox coupling bolt. Also fitted a split-screen speedometer with trip meter and vacuum pipe.

Completed interior and body hardware work, including replacement of the windscreen wiper switch, petrol flap lock and grommets, engine lid lock and hinge seals, dash knobs, church key, tailgate T-handle, and pop-out side-window seals.

Work included 80 hours of labour.
